LALITHA MAHAL
MYSORE

Tuesday

JCW:

Tried to catch you yesterday afternoon to ask if it were possible to get some of those green booklets of Mysore to the delegates - they have received nothing about the State or City - and should. Those who are going on the Wednesday and Thursday tours should have them, and if you can find any, they could be distributed on the buses.

I'm planning to go on these trips, partly to try to give the delegates more Mysore information.

But on Friday morning I shall have to move somewhere - and I await your orders about that. When do we meet? What about tomorrow, Wednesday, morning when the session closes here at 10:30? - as I am not planning to go on the Food Institute tour. You will have to send for me - I doubt if I can even get a message to you through the Palace constabulary!!! This will all have to be cleared up, as there is no point in attempting to continue the work we have laid out, otherwise, and if you wish it, I am prepared to proceed on my way immediately.

As always,
